Our Philosophy

Our focus at MD Aesthetics of Mobile Bay is to use cutting-edge technology and advanced techniques to fight the effects of aging all while keeping a natural appearance.

The Doctors

MD Aesthetics of Mobile Bay was founded by Drs. Mary Wells and Dusty Smith to bring accessible age-defying treatment options for women and men on the Eastern Shore. The doctors are both Board Certified in their field of training and practice evidence-based medicine all while staying on the forefront of aesthetic techniques.

| CoolPeel |

CoolPeel is a Tetra CO2 fractional laser that creates tiny openings in the skin's surface (epidermis) which triggers the body's natural healing response. This process stimulates collagen and elastin production, resulting in smoother, more youthful skin. CoolPeel offers the same benefits as traditional CO2 skin resurfacing, but without the lengthy downtime or discomfort.

| DEKA |

The DEKA CO2 is performed by our physicians and delivers energy into the dermis to help target deeper lines, wrinkles and scarring. Due to the fractionated delivery, there is a reduction in the heat build-up within the skin allowing for a quicker recovery period, as opposed to the lengthy down-time of traditional CO2 lasers.
